

CYFL-GIGA

for helium pumping,
absorption spectroscopy,
medical imaging and
nuclear physics

CW Ytterbium Fiber Laser
1 μm with GHz linewidth

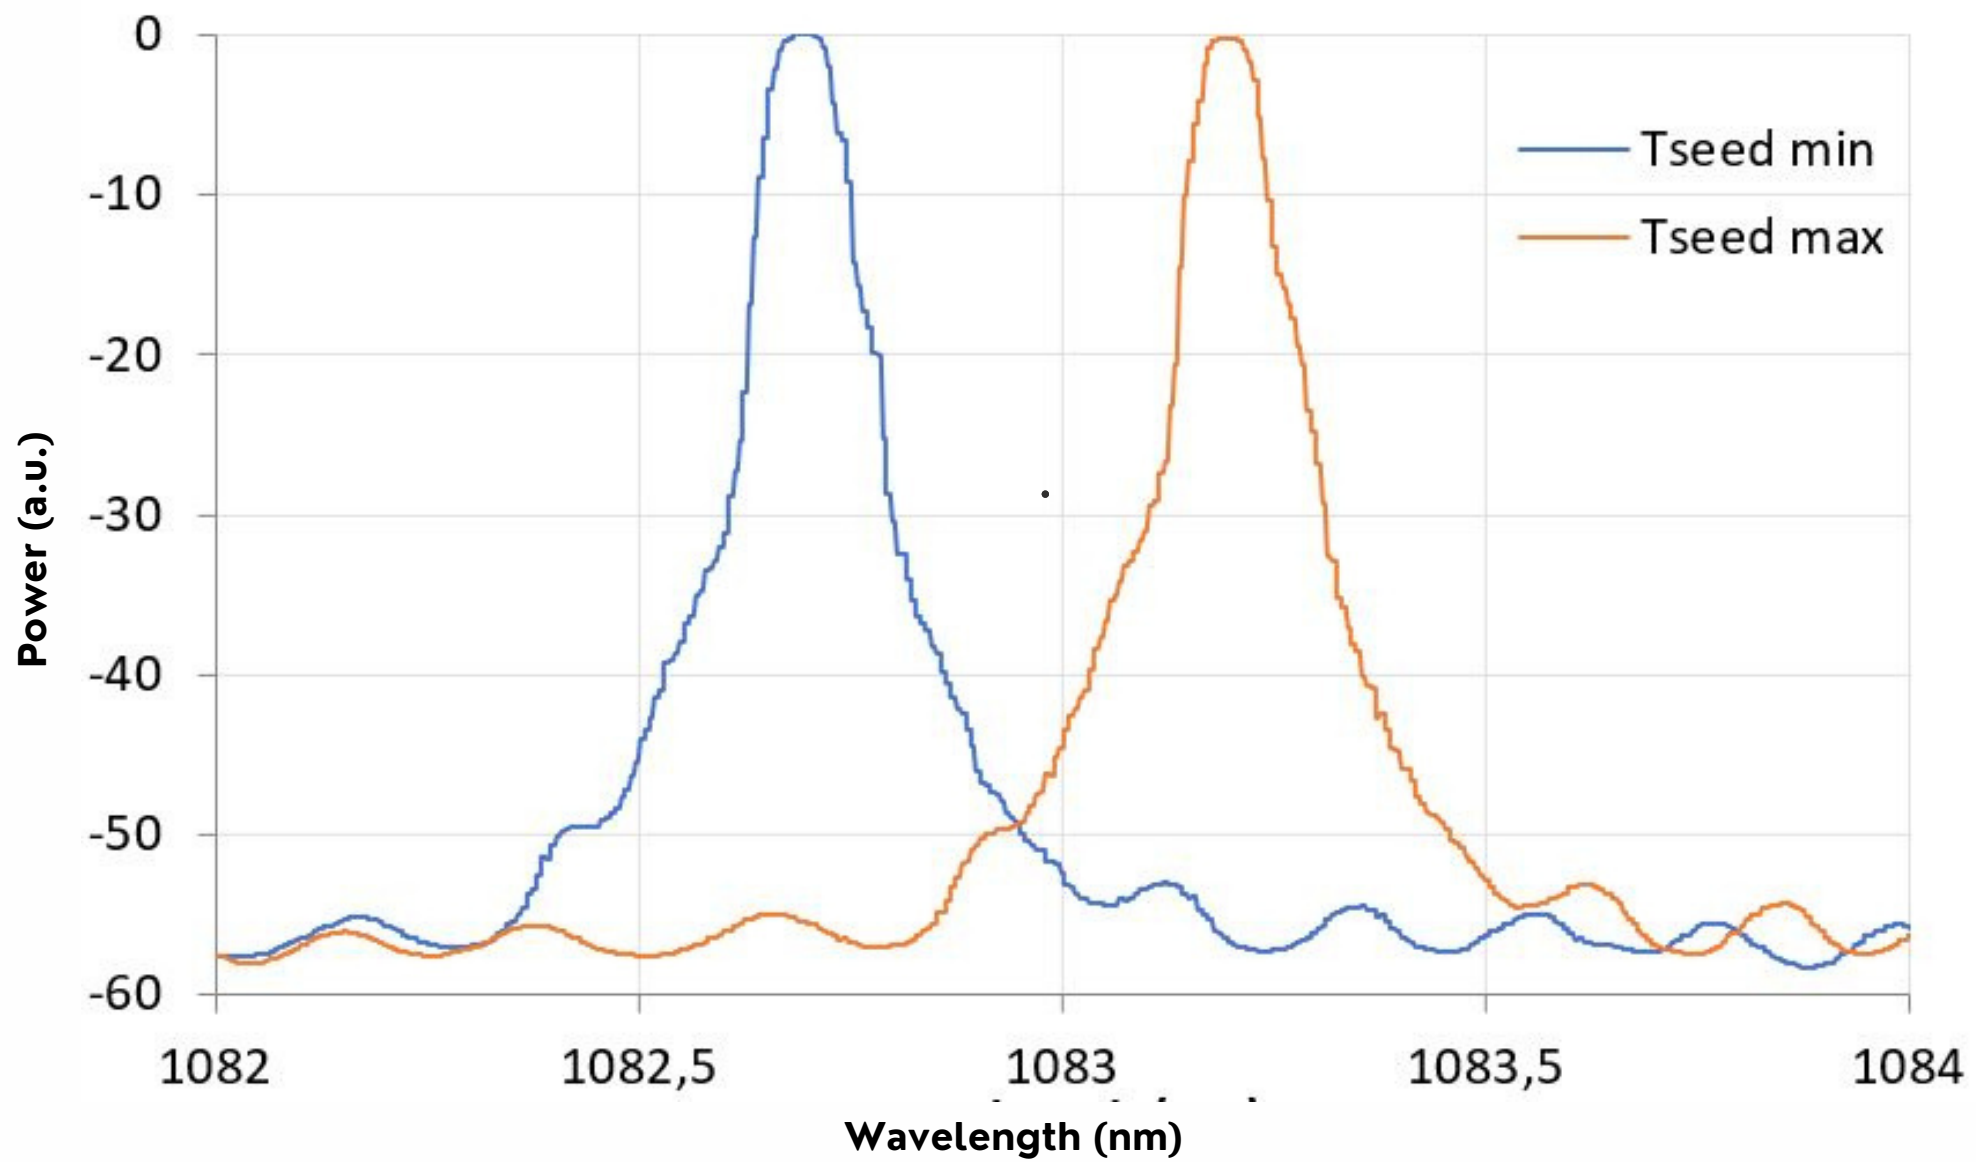

1083 nm for He pumping

> 100 GHz wavelength thermal tuning range

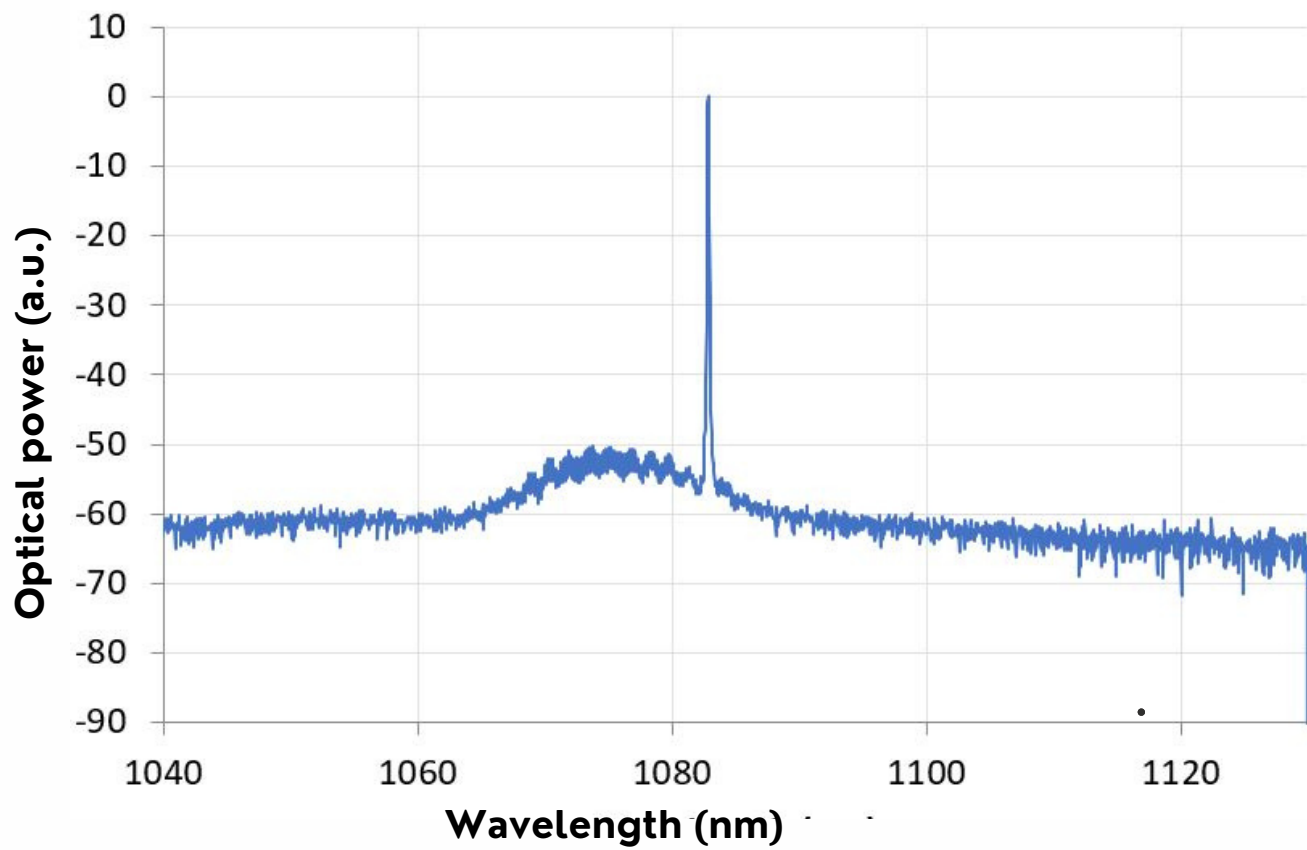

1-2 GHz linewidth

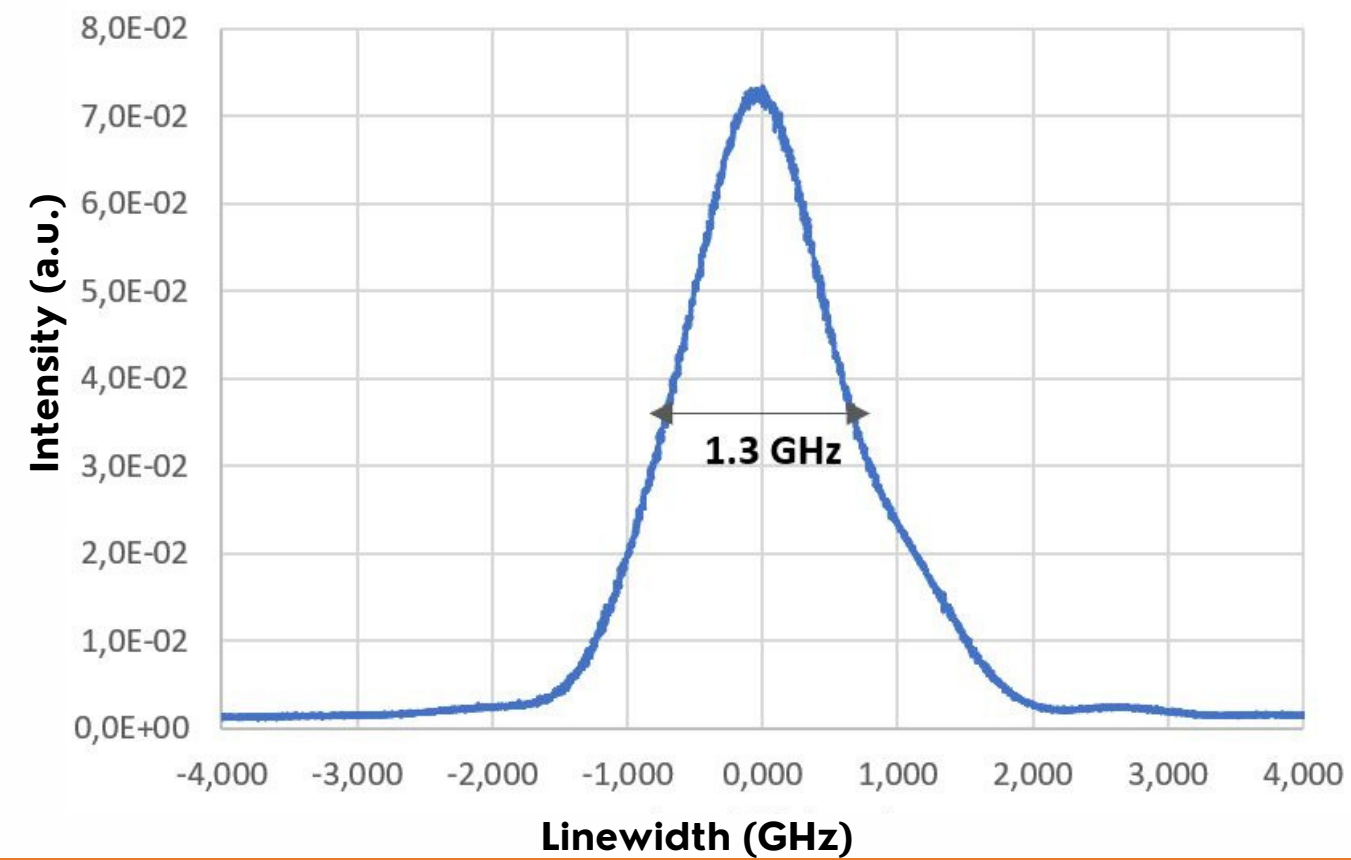

Thermal tuning range

Optical spectrum

Typical linewidth

LUMIBIRD

MORE THAN LASERS

Lasers for industrial,
defense, space, scientific
& medical applications
